

# Complete Visibility Throughout Your Entire SSC Ecosystem

FlashTrac, developed for the SSC by SSC professionals provides real-time data and execution abilities with 99.999% accuracy – allowing you to make better decisions, faster than ever.

## Promises Kept. SLAs Met. Period.

Reliable spare parts delivery to meet SLAs, regardless of geographic span, demand, or disruption with a high degree of automation, immediacy, and predictive intelligence.

Gain confidence, clarity, and control with technology tailored for your unique service logistics needs.

Systemize Activities

Predictability Through Visibility

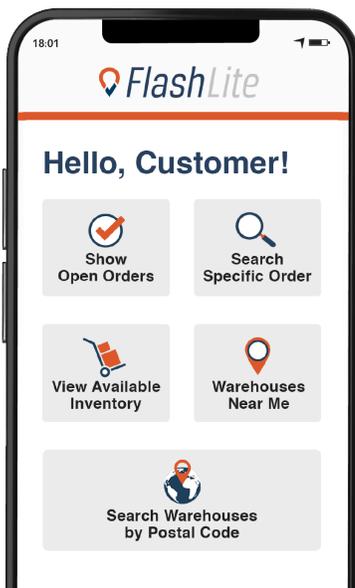

Reduce Costs

Unrivaled Customer Experiences

Unsurpassed Business Performance

## Technology On-The-Go

Service supply chain operations occur around the clock, which is why you need access to real-time data on-the-go. Our mobile app, FlashLite, delivers high-level visibility into:

- Order tracking
- Warehouse locations
- Inventory availability
- Order status details

**Assurance. Reliability. Readiness. 24/7/365**
