

# When Hours Matter, Flash Delivers.

Since your reputation rides on your ability to support and grow with hyperscalers — not a moment can be spared.

A hyperscaler's growth capacity cannot be constrained when mission critical service parts cannot be serviced or delivered for multiple days.

They require service partners who deliver immediate responsiveness, operate under tight security controls, and can instantly mobilize globally.

## Why Flash?

Flash's same day service offerings, tailored for hyperscalers unique challenges and needs, (security requirements, dark sites, manned sites, coordinated hand-off services), coupled with our unmatched 98% on time delivery performance globally, ensuring serviceability and growth never misses a beat.

Flash combines precision, logistics and proven reliability to **keep growth on track and uptime uninterrupted.**

Through **ServiceAxis**, Flash gives OEMs the edge to stay in step with hyperscaler growth. Flash enables OEMs to dynamically scale their service supply chains with confidence and predictability.

**End-to-end transparency and adherence to global compliance standards**

**Same-day and 2- and 4-hour response options**

**24/7/365 operations coverage**

**You name it, Flash does it,  
at scale and with precision.**
